Easy  APP CONTROL

NORMALIT
by Normagrup

Healthy lighting, now easier

SaLuz® *Easy* is the Normagrup app to manage SaLuz® technology from mobile devices in a simple and easy way connected via Bluetooth

A new tool with an intuitive and minimalist design with state-of-the-art technology to manage healthy lighting in a flexible, intelligent and comfortable way.

Bluetooth remote control
password protected.

saLuz®
Easy APP CONTROL

FREE APP
Available for IOS and ANDROID

Twice as easy

Enjoy **automatic and immediate tuning**, with significant savings in installation costs and a personalized and comfortable control experience.

Quick and wireless installation

Without the need for additional wiring or home automation systems and the integration of Bluetooth technology **to manage installations of between 15-20 SaLuz® luminaires** from any mobile device.

Three control modes

SaLuz® *Easy* includes three control modes, allowing automatic synchronization with the solar cycle in any location, customizing atmospheres and programming daily lighting sequences.

MANUAL MODE:

Create personalized atmospheres by changing the color temperature and light intensity to adapt the lighting to different spaces, activities and needs, from spaces of maximum concentration to contexts of relaxation.

With sensor of luminosity

Allows up to 10 regulations in the sensor models.

External control by push buttons

Allows the use of buttons for scene control.

CIRCADIAN CYCLE MODE:

Enter the location of the mobile device to synchronize SaLuz® with the natural cycle of light instead of where the installation is located and adapt the system to the local circadian cycle automatically and instantly.

SCHEDULED MODE:

Program daily lighting cycles and sequences in a simple way to configure a personalized system adapted to any space, displaying the programmed routines on a calendar.
